

4<sup>th</sup> June 2026

Dear Parents/Carers,

### Year 5 Workshops

On Thursday 11<sup>th</sup> June the Year 5 children are invited to attend County High School to take part in some workshops.

An exciting selection of **PE, History and Science** sessions will spark curiosity, ignite imagination, and build enthusiasm for learning. These engaging experiences will help children grow in confidence as they prepare for secondary school, inspiring them to embrace new challenges and discover the wide range of opportunities available to them.

The children will travel by mini bus to County so please arrive at school ready to come into class to register and order your lunches **by 8.50am** (we will be leaving at 9am prompt and will be back at school in time for lunch at around 12 midday.)

### Programme

The workshops will be in two parts, and the children will swap sessions halfway through.

There will be a break at 10.30am and the children will be given a snack from the selection available at County High School, along with a drink.

Please ensure that children are in school uniform and are wearing trainers for the workshops.

If you have any questions please contact the school

Kind regards

Year 5/6 Team
