

## New nature area - we need your help!

If you have been to school this week or you follow us on social media, you will have seen our brand-new flower area that has been built for us. We already have some wild flower seeds and bulbs but it is a huge bed and we need lots more. We are asking our school community to get involved. If you are able to spare a few pounds to buy the school some bulbs or seeds to bring the new nature area to life, we would be so grateful. Greener Growth will be back in school on Tuesday 23<sup>rd</sup> June to plant everything into the bed with some of the children. Please can we ask that any donations are made to school by **Friday 19<sup>th</sup> June**.

We would like to collect the following to add to the bed:

1. Yellow Rattle seeds
2. Poppy seeds
3. Oxeye daisies
4. Cornflowers and Hollyhocks
5. Spring of Summer flowering allium bulbs
6. Phasyllia (Mexican Poppy)
7. Winter aconite, snowdrops and daffodils.

Alternatively, if you would rather make a donation instead I am happy to go and buy what we need. You can either make a cash donation, given to your child's class teacher/school office or, from tomorrow you can make a donation via Arbor.

Thank you so much for your support in advance, we can't wait to see it full of flowers and wildlife!

Mrs McGhee
